Mark B. Kruzynski
Superintendent of Schools

August 24, 2021

Dear Parents/Guardians,

As you may already know, Governor Hochul has directed the department of health to implement masking mandates in all public schools for the upcoming school year.

Therefore, effective immediately, the Medina Central School District will require all students and staff to wear masks at all times when indoors. There will be mask breaks for students throughout the day. Masks will also be required on school busses. Masks will not be required when outdoors.

We continue to be excited about our FULL reopening of schools at full capacity in September. School will be full-time, five days a week, and in person. Instrumental Music, chorus, and elementary specials will be full classes, just as before the pandemic.

As we have offered throughout the pandemic, if your child has a specific, documented medical condition that affects their ability to wear a mask, please contact your child's principal at (585) 798-2700. With appropriate medical documentation, your child may be eligible for an in-school accommodation. **Remote learning will not be an option in the Medina Central School District this upcoming school year.**

Throughout the pandemic, we have made it our #1 priority to get our children back in school safely, in person, every day; and that remains our goal. We appreciate the tremendous support you have given us throughout the pandemic and look forward to working closely with our entire Medina Central School Community as we reopen the school for the 2021-22 school year.

Sincerely,

Mark Kruzynski
Superintendent of Schools
